ORDER:

In the reference read above, the Engineer-in-Chief (R&B), State Roads, Hyderabad has stated that the Kurnool-Sunkesula road is an important Major District road and it is connecting Chittoor – Kurnool (N.H.18) and Hyderabad – Bangalore road (N.H.7) at one end and Sunkesula – Nagaladinne (MDR) on other end. This road also leads to holy pilgrim centre Mantralayam and Sunkesula Barrage. The stretch from Km.0/0 to 4/0 runs in Kurnool city. The stretch is congested with vehicular traffic, as number of educational institutions, hospitals and commercial complexes etc. are located along the road. The existing carriageway is 10 mts and is not able to cope with ever increasing vehicular traffic. Also the vehicular traffic coming from entire Rayalaseema region entering Kurnool is passing through this stretch only. Due to this, there have been number of fatal accidents taken place particularly at the junctions of the internal roads of Kurnool city. The traffic volume is 2500 CVPD in terms of commercial vehicles and 12,500 in terms of PCU.
